

OneHome

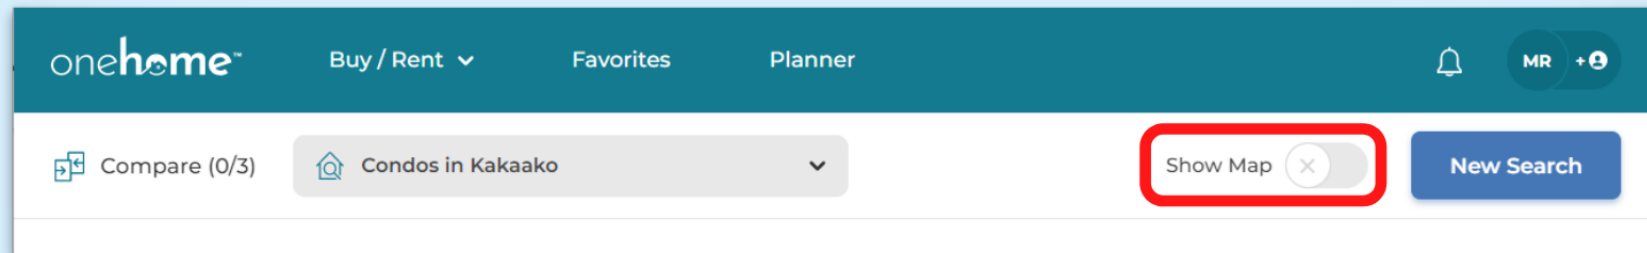

Single-Line List View

Single-Line List View

- **Single-line list view** serves as a third display where listings are displayed in a table with a variety of sorting capabilities
- The **default** sort is by “Newest”
- User can **sort** by MLS#, Status, Price, Address, City, Property, Baths, Beds, Sq. Footage and Lot Size
- User can **select a property line item** to view an individual listing
- When accessing Single-line List View, **25 listings** will load at a time upon scrolling
- Complete list can be **exported** as a CSV

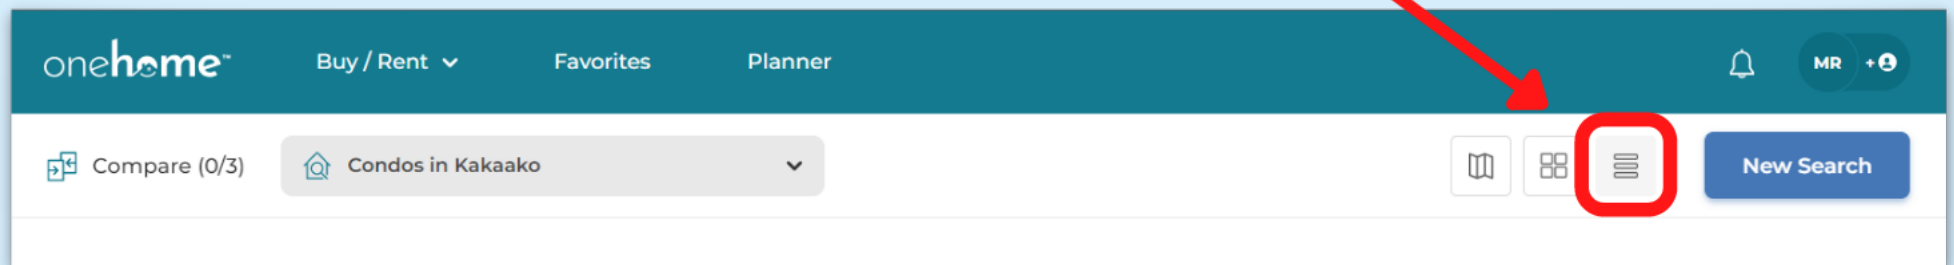

Single-Line List View

The “**Show Map**” toggle has been replaced by the **Map**, **Tile**, and new **List** icon for Single-Line View

New List Icon

This feature is **ONLY applicable to desktop mode**. The “Show Map” toggle will **remain** on mobile and tablet displays
